125th
Yesterday the students celebrated the actual 125th birthday of our school, 16 June 2016.
The P&C generously provided a BBQ and drink for students, staff, parents plus invited guests from the 125th committee. Mr Sommerfeld & Mr Randall all sang Happy Birthday to the school.
The Time Capsule was presented to the school and will be installed on a drier day, hopefully next week. Students received a terrific green and gold cup cake, their Commemorative Certificate and 125th wristband.
Our celebrations are now complete. The school has certainly achieved its goal of appropriately acknowledging 125 years of education at Coolabunia.
Our sights are now firmly fixed on the next 25 years of learning and high quality community involvement.
Well done and thank you everyone for your support!

Children need to learn to take responsibility for their actions so that they do not become adults believing that nothing is ever their fault.

The Student Led Conference replaces the parent interview. It will give your child the opportunity to discuss his/her progress with you. The class teacher will be there to give support and encouragement.

There are several reasons for conducting the conference this way. By having students actively involved in the conference they will:

- Assume responsibility for reporting their progress to you.
- Be accountable for the work they produce and quality of that work.
- Develop good communications skills.
- Discuss with you their self-reflection about their progress and future needs.

At the conference, your child will:

- Share work samples with you
- Ask you to comment on his/her progress
- Show you work on display

Times for conferences are set out below. Hopefully there will be enough scope to allow you to attend. Other families will be conferencing at the same time.

If there are any issues you wish to discuss privately with the teacher after the conference, a time can be arranged.
