School Support Recognition Week
This week we are celebrating School Support Week and it is therefore timely to recognise and acknowledge the support staff at our school. Often their efforts are hidden but their work is very important in ensuring our students are receiving the best education and care they can provide. Thank you!

Author-in-Residence- Yr 5-7 Class
Year 6 & 7 Transition to High School
The Kingaroy State High School have invited our senior class to an Author-in-Residence masterclass next Wednesday. Students will be able to engage with children’s author James Moloney. This will be the first of a series of visits our Year 6s and 7s will make over the coming weeks.

If you are a parent of our year 6 and 7 students, please diarise the upcoming events. Both our local high schools are now finalising dates for transition.

► Kingaroy State High School will be holding a Parent Information Evening on Wednesday 17 September from 5.30pm. There will also be a brief visit (8.45am – 10.45am) to Kingaroy State High School on Thursday 18 September for senior students with special needs.

► Nanango State High School students will be returning to their School of Origin and will visit Coolabunia on Thursday 11 September as part of their transition activities. This will occur prior to the end of this term.

It is vitally important this year because of the 2-year intake into high schools to consider which high school your student will be attending next year and make enquiries on this as early as possible. This way your student can engage in the transition activities most suited to their needs.

Changes to School Activities this Term
Please note due to ill health there will be no choir for the remainder of this term. Our annual Flag Tag competition at Kumbia has also been postponed till next term. More information will follow early in term 4.

Kingaroy SHS SED Update
The SED Department of Kingaroy SHS is running an initial session for students with disabilities and significant difficulties that will impact on their transition into high school on Thursday 18th September from 8:45-10:45am.

► Students participating will receive a letter next week
► Parents are to organise students to get there, pick up and bring back to school after 10:45. Inclusion Teacher Miranda Nicholson will be the teacher in charge.

Reward Activity
During the last week of Term the school will conduct its end of term Reward Activity. This “surprise” activity is designed to reward students for their great behaviour throughout the term. These students will have successfully operated under the ‘We RESPECT – Ourselves, Others, Things and Places’ behaviour code.

Unfortunately, some students battle with making the right choices and find it challenging to follow the behaviour code at all times. These students will have been in the Thinking Place 3 or more times, been on Red level (3 days Thinking Place) or suspended during the term and are not eligible for the Reward Activity.

Families of students not attending will receive a note explaining their child’s non-attendance. It is expected that these children attend school as normal and do not stay at home to avoid disappointment. A lesson to be learnt by some students is that we must all ‘earn’ the right to do some things in life. Facing the consequences of poor choices is a reality everyone must understand!
We have not yet decided on the Rewards Day. Students will only know on the day it occurs. They just love surprises!

Father’s Day Stall
